

PRE-PARTICIPATION PHYSICAL EVALUATION INSTRUCTIONS

STUDENTS/PARENTS

1. Complete the History Form (pages 1 & 2) portion PRIOR to your appointment with your healthcare provider.
2. Sign the bottom of the History Form (page 2).
3. Sign the bottom of the Medical Eligibility Form (page 4) AFTER the pre-participation evaluation is complete and PRIOR to turning in the completed PPE to the school.
4. Review the Student Eligibility Checklist (page 5) AND SIGN the bottom of the page PRIOR to turning in the completed PPE to the school.
5. Review and sign the Concussion and Head Injury Release Form provided by the school.

HEALTHCARE PROVIDERS

1. Review the History Form (pages 1 & 2) with the student and his/her parent/guardian as part of the pre-participation physical evaluation.
2. Complete the Physical Examination Form (page 3) AND SIGN the bottom of page 3.
3. Complete the Medical Eligibility Form (page 4) AND SIGN page 4.

NOTE: Two signatures are required by the healthcare provider!

SCHOOL ADMINISTRATORS

1. Collect the completed PPE forms with the appropriate signatures on pages 2 – 5.
2. Based on your school's policy, determine who is responsible to review and disseminate the student's medical information provided on the form.*
3. Complete the Shared Emergency Information section on the Medical Eligibility Form (page 4).
4. Provide copies of the Medical Eligibility Form to appropriate staff with supervisory responsibility of extracurricular activities (coaches, sponsors, etc.).
5. Collect the required Concussion and Head Injury Release Form signed by the student and parent/guardian.

* Schools are encouraged to have policies in place identifying who has access to a student's complete private health information found on the PPE form. The Medical Eligibility Form can be used independently to share with staff who may not need complete access to the private health information found on the PPE.

The annual history and the physical examination shall not be taken earlier than May 1 preceding the school year for which it is applicable. The KSHSAA recommends completion of this evaluation by athletes/cheerleaders at least one month prior to the first practice to allow time for correction of deficiencies and implementation of conditioning recommendations.

Parent or Guardian Consent

To be eligible for participation in interscholastic athletics/spirit groups, a student must have on file with the superintendent or principal, a signed statement by a physician, chiropractor, physician's assistant who has been authorized to perform the examination by a Kansas licensed supervising physician or an advanced practice registered nurse who has been authorized to perform this examination by a Kansas licensed supervising physician, certifying the student has passed an adequate physical examination and is physically fit to participate (See KSHSAA Handbook, Rule 7). A complete history and physical examination must be performed annually before a student participates in KSHSAA interscholastic athletics/cheerleading.

I do not know of any existing physical or any additional health reasons that would preclude participation in activities. I certify that the answers to the questions in the HISTORY part of the Preparticipation Physical Examination (PPE), are true and accurate. I approve participation in activities. I hereby authorize release to the KSHSAA, school nurse, certified athletic trainer (whether employee or independent contractor of the school), school administrators, coach and medical provider of information contained in this document. Upon written request, I may receive a copy of this document for my own personal health care records.

I acknowledge that there are risks of participating, including the possibility of catastrophic injury. I hereby give my consent for the above student to compete in KSHSAA approved activities, and to accompany school representatives on school trips and receive emergency medical treatment when necessary. It is understood that neither the KSHSAA nor the school assumes any responsibility in case of accident. The undersigned agrees to be responsible for the safe return of all equipment issued by the school to the student.

ATTENTION PARENTS AND STUDENTS: KSHSAA ELIGIBILITY CHECKLIST

Student's Name _____ (PLEASE PRINT CLEARLY)

NOTE: Transfer Rule 18 states in part, a student is eligible transfer-wise if:

BEGINNING SEVENTH GRADER—A seventh grader, at the beginning of his or her seventh grade year, is eligible under the Transfer Rule at any school he or she may choose to attend. In addition, age and academic eligibility requirements must also be met.

BEGINNING NINTH GRADERS IN A THREE-YEAR JUNIOR HIGH SCHOOL—So that ninth graders of a three-year junior high are treated equally to ninth graders of a four-year senior high school, a student who has successfully completed the eighth grade of a two-year junior high/middle school, may transfer to the ninth grade of a three-year junior high school at the beginning of the school year and be eligible immediately under the Transfer Rule. Such a ninth grader must then, as a tenth grader, attend the feeder senior high school of their school system. Should they attend a different school as a tenth grader, they would be ineligible for eighteen weeks.

ENTERING HIGH SCHOOL FOR THE FIRST TIME—A senior high school student is eligible under the Transfer Rule at any senior high school he or she may choose to attend when senior high is entered for the first time at the beginning of the school year. In addition, age and academic eligibility requirements must also be met.

For Middle/Junior High and Senior High School Students to Retain Eligibility

Schools may have stricter rules than those pertaining to the questions above or listed below. Contact the principal or coach on any matter of eligibility. A student eligible to participate in interscholastic activities must be certified by the school principal as meeting all eligibility standards.

All KSHSAA rules and regulations are published in the official *KSHSAA Handbook* which is distributed annually to schools and is available at www.kshsaa.org.

Below Are Brief Summaries Of Selected Rules. Please See Your Principal For Complete Information.

- Rule 7 Physical Evaluation - Parental Consent**—Students shall have passed the **attached evaluation** and have the written consent of their parents or legal guardian.
- Rule 14 Bona Fide Student**—Eligible students shall be a **bona fide undergraduate member** of his/her school in good standing.
- Rule 15 Enrollment/Attendance**—Students must be regularly **enrolled and in attendance** not later than Monday of the fourth week of the semester in which they participate.
- Rule 16 Semester Requirements**—A student shall not have more than two semesters of possible eligibility in grade seven and two semesters in grade eight. A student shall not have more than eight consecutive semesters of possible eligibility in grades nine through twelve, regardless of whether the ninth grade is included in junior high or in a senior high school.
NOTE: If a student does not participate or is ineligible due to transfer, scholarship, etc., the semester(s) during that period shall be counted toward the total number of semesters possible.
- Rule 17 Age Requirements**—Students are eligible if they are not 19 years of **age (16, 15 or 14 for junior high or middle school student)** on or before August 1 of the school year in which they compete.
- Rule 19 Undue Influence**—The use of **undue influence** by any person to secure or retain a student shall cause ineligibility. If tuition is charged or reduced, it shall meet the requirements of the KSHSAA.
- Rules 20/21 Amateur and Awards Rules**—Students are eligible if they have not **competed under a false name** or for money or merchandise of intrinsic value, and have observed all other provisions of the Amateur and Awards Rules.
- Rule 22 Outside Competition**—Students may not engage in **outside competition** in the same sport during a season in which they are representing their school.
NOTE: Consult the coach, athletic director or principal before participating individually or on a team in any game, training session, contest, or tryout conducted by an outside organization.
- Rule 25 Anti-Fraternity**—Students are eligible if they are not members of any **fraternity** or other organization prohibited by law or by the rules of the KSHSAA.
- Rule 26 Anti-Tryout and Private Instruction**—Students are eligible if they have not participated in **training sessions or tryouts** held by colleges or other outside agencies or organizations in the same sport while a member of a school athletic team.
- Rule 30 Seasons of Sport**—Students are not eligible for more than **four seasons** in one sport in a four-year high school, three seasons in a three-year high school or two seasons in a two-year high school.

For Middle/Junior High and Senior High School Students to Determine Eligibility When Enrolling

If a **negative** response is given to any of the following questions, this enrollee should contact his/her administrator in charge of evaluating eligibility. This should be done before the student is allowed to attend his/her first class and prior to the first activity practice. If questions still exist, the school administrator should telephone the KSHSAA for a final determination of eligibility. *(Schools shall process a Certificate of Transfer Form T-E on all transfer students.)*

**KSHSAA RECOMMENDED CONCUSSION & HEAD INJURY INFORMATION RELEASE
FORM
2020-2021**

This form must be signed by all student athletes and parent/guardians before the student participates in any athletic or spirit practice or contest each school year.

A concussion is a brain injury and all brain injuries are serious. They are caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. They can range from mild to severe and can disrupt the way the brain normally works. Even though most concussions are mild, **all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly.** In other words, even a “ding” or a bump on the head can be serious. You can’t see a concussion and most sports concussions occur without loss of consciousness. Signs and symptoms of concussion may show up right after the injury or can take hours or days to fully appear. If your child reports any symptoms of concussion, or if you notice the symptoms or signs of concussion yourself, seek medical attention right away.

Symptoms may include one or more of the following:	
<ul style="list-style-type: none"> • Headaches • “Pressure in head” • Nausea or vomiting • Neck pain • Balance problems or dizziness • Blurred, double, or fuzzy vision • Sensitivity to light or noise • Feeling sluggish or slowed down • Feeling foggy or groggy • Drowsiness • Change in sleep patterns 	<ul style="list-style-type: none"> • Amnesia • “Don’t feel right” • Fatigue or low energy • Sadness • Nervousness or anxiety • Irritability • More emotional • Confusion • Concentration or memory problems (forgetting game plays) • Repeating the same question/comment

Signs observed by teammates, parents, and coaches include:	
<ul style="list-style-type: none"> • Appears dazed • Vacant facial expression • Confused about assignment • Forgets plays • Is unsure of game, score, or opponent • Moves clumsily or displays incoordination • Answers questions slowly • Slurred speech 	<ul style="list-style-type: none"> • Shows behavior or personality changes • Can’t recall events prior to hit • Can’t recall events after hit • Seizures or convulsions • Any change in typical behavior or personality • Loses consciousness

Adapted from the CDC and the 3rd International Conference in Sport

What can happen if my child keeps on playing with a concussion or returns too soon?

Athletes with the signs and symptoms of concussion should be removed from play immediately. Continuing to play with the signs and symptoms of a concussion leaves the young athlete especially vulnerable to greater injury. There is an increased risk of significant damage from a concussion for a period of time after that concussion occurs, particularly if the athlete suffers another concussion before completely recovering from the first one (second impact syndrome). This can lead to prolonged recovery, or even to severe brain swelling with devastating and even fatal consequences. It is well known that adolescent or teenage athletes will often under report symptoms of injuries. And concussions are no different. As a result, education of administrators, coaches, parents and students is the key for student-athlete’s safety.

If you think your child has suffered a concussion

Any athlete even suspected of suffering a concussion should be removed from the game or practice immediately and an urgent referral to a health care provider should be arranged (if not already onsite). No athlete may return to activity after sustaining a concussion, regardless of how mild it seems or how quickly symptoms clear, without written medical clearance from a Medical Doctor (MD) or Doctor of Osteopathic Medicine (DO). Close observation of the athlete should continue for several hours. You should also inform your child's coach if you think that your child may have a concussion Remember it is better to miss one game than miss the whole season. **When in doubt, the athlete sits out!**

Cognitive Rest & Return to Learn

The first step to concussion recovery is cognitive rest. This is essential for the brain to heal. Activities that require concentration and attention such as trying to meet academic requirements, the use of electronic devices (computers, tablets, video games, texting, etc.), and exposure to loud noises may worsen symptoms and delay recovery. Students may need their academic workload modified while they are initially recovering from a concussion. Decreasing stress on the brain early on after a concussion may lessen symptoms and shorten the recovery time. This may involve staying home from school for a few days, followed by a lightened school schedule, gradually increasing to normal. Any academic modifications should be coordinated jointly between the student's medical providers and school personnel. After the initial 24-48 hours from the injury, under direction from their health care provider, patients can be encouraged to become gradually and progressively more active while staying below their cognitive and physical symptom-exacerbation thresholds (i.e., the physical activity should never bring on or worsen their symptoms). No consideration should be given to returning to full sport activity until the student is fully integrated back into the classroom setting and is symptom free. Occasionally a student will be diagnosed with post-concussive syndrome and have symptoms that last weeks to months. In these cases, a student may be recommended to start a non-contact physical activity regimen, but this will only be done under the direct supervision of a healthcare provider.

Return to Practice and Competition

The Kansas School Sports Head Injury Prevention Act provides that if an athlete suffers, or is suspected of having suffered, a concussion or head injury during a competition or practice, the athlete must be immediately removed from the competition or practice and cannot return to practice or competition until a Health Care Professional has evaluated the athlete and provided a written authorization to return to practice and competition. The KSHSAA recommends that an athlete not return to practice or competition the same day the athlete suffers or is suspected of suffering a concussion. The KSHSAA also recommends that an athlete's return to practice and competition should follow a graduated protocol under the supervision of the health care provider (MD or DO).

KSHSAA STUDENT-ATHLETE PRE-PARTICIPATION COVID-19 QUESTIONNAIRE

Based on awareness of potential cardiopulmonary issues in adolescents who have had or been exposed to COVID-19, the American Medical Society for Sports Medicine, the National Federation of High School Associations and the KSHSAA Sports Medicine Advisory Committee recommend a preseason screening of students prior to participating in athletics.

This questionnaire is to be completed and turned in to the school prior to the student's first sports practice (including Spirit) of the 2020-21 school year. It is recommended students/parents complete this form 1-2 weeks prior to the start of the season in case follow-up evaluation is necessary. If timing allows it should be done in conjunction with the student's pre-participation physical exam. This form is NOT intended to replace the recommended daily screening procedures for all students participating in activities.

Student Name: _____

**INFORMED CONSENT FOR EVALUATION RELATED TO SPORT PARTICIPATION AND
AUTHORIZATION TO RELEASE INFORMATION**

_____ (“Participant”) is seeking to participate in a sport activity (“Activity”) with _____ (Club/Team/School, referred to as “Program”). The Program has contracted with Children’s Mercy Hospital to provide certain services related to the Program.

By signing this Informed Consent for Evaluation Related to Sport Participation and Authorization to Release Medical Information (“Consent”), I hereby authorize a Children’s Mercy Hospital physician, nurse practitioner, athletic trainer, or other allied health personnel (collectively referred to as “Practitioner”) acting on behalf of the Program to perform assessment, evaluation, examination, treatment or rehabilitation of the Participant (referred to as “Sports Medicine Service(s)”). The Sports Medicine Services provided pursuant to the agreement between the Program and Children’s Mercy Hospital may also include pre-participation physical examinations (“PPE”), baseline and post-concussion testing, and Electrocardiogram evaluation (“EKG”).

I understand that a PPE is for screening purposes only and is not a complete physical examination to diagnose diseases or certain medical conditions, nor does it include all elements of a well-patient examination, such as vision or hearing screenings, social development and activity, cognitive development and academics, updating immunizations, preventive health recommendations, and laboratory testing.

I certify that I have and will provide the Participant’s medical history truthfully and to the best of my ability. I understand that truthful responses are necessary for the evaluation and safety of the Participant.

I understand that neither the PPE nor any other Sports Medicine Service provided by any Practitioner guarantees Activity participation results nor prevents future injury. I further understand that the PPE and any other examination, evaluation, and testing performed by a Practitioner carries with it the risk of misdiagnosis and injury and that results are not guaranteed. Despite these risks, I authorize Practitioner to provide Sports Medicine Services as identified above to Participant related to the Activity. I have had the opportunity to have any questions regarding the Sports Medicine Service(s) answered to my satisfaction. I knowingly and voluntarily consent to Participant receiving the Sports Medicine Services by The Children’s Mercy Hospital related to the Program and Activity.

I understand this information is possessed and is accessible by the Program, which may include coaches, staff, athletic directors, athletic trainers, and health care providers. I further recognize that certain information included as part of any Sports Medicine Service provided to Participant may be shielded from disclosure by certain confidentiality protections, including the Family Educational Rights and Privacy Act (“FERPA”).

I authorize the Program to release the PPE form and other information related to Participant's ongoing evaluation and participation in the Program to other healthcare providers necessary for proper evaluation and treatment of Participant and other internal health care provider uses, including to Children's Mercy Hospital's workforce members (employees, physicians, nurses, etc.). I also understand authorize the Program to release such Participant information to appropriate club/team/school officials as necessary for health and safety of the Participant. I understand the information may be released orally or in the form of copies of written records. I have a right to inspect any written records released pursuant to this Consent and Authorization. I understand I may revoke this Authorization upon providing written notice to the Program. I further understand that until this revocation is made, this Authorization shall remain in effect.

I hereby release The Children's Mercy Hospital and its employees, including Practitioner(s) acting on behalf of the Program, from any and all liability that may arise from the Sports Medicine Services provided by any Practitioner related to Participant's participation in the Activity and medical advice provided by a Practitioner. I further agree to defend, indemnify, and hold The Children's Mercy Hospital and its employees, including Practitioner(s) acting on behalf of the Program, harmless for any injuries or liability related to Practitioner's clearance or non-clearance of Participant to participate in the Activity.
