

PIONEER ATHLETICS

WINTER SPORTS UPDATE

LHS Winter Sports are “on” for the season, with minor modifications for the safety of athletes, coaches, and spectators. Per the Kansas State High School Activities Association, the following guidelines must be upheld:

- December 23 - January 3: Practice Moratorium (NO practices allowed during this time)
- Leavenworth will only allow two (2) spectators per family unit (in other words, two parents/guardians per rostered player/coach/manager/cheerleader - multiple players from the same family will only receive the two tickets, not two per player).
- Spectators are encouraged to leave at the conclusion of their player’s competition (ex: if a JV player and not playing Varsity) to minimize the spectators at each competition.
- There will be no Concessions during the Winter Sports season.
- No outside food or drink will be allowed into games as spectators are expected to wear masks at all times and practice social distancing.
- Only the South and East bleachers will be utilized for spectators. Spectators are asked to space out between family units, as well as remain in the same/original seat/bench location throughout the competition. The rest of the bleachers will be used for athletes/cheerleaders.
- We ask that there be no congregating in the halls at the conclusion of a competition. All spectators must exit the building immediately.
- Bowling and Swimming will not have any spectators or live-stream due to limitations and regulations of the hosting venue.

All basketball games and wrestling duals will be live-streamed from the LHS main gym by clicking [HERE](#).
